

Sauvignon blanc

Animale Celeste

Out of our love for this grape variety, we created a wine of great elegance that bursts with notes of tropical fruits, typical of new world wines.

Grapes

Sauvignon blanc

Type of Soil

Medium density, rather chalky soils with Northwest exposure and an elevation of 350m

Pruning System

Inverted espalier

Wine-making

The wine is fermented in stainless steel vats

To the Eye

Straw pale yellow with greenish reflections

To the Nose

Fruity, with elegant notes of mature peach, sage red pepper and geranium

To the Taste

Very good balance between smoothness and freshness. Intense and persistent with notable harmony and fineness

Santa Barbara
